

F.A.Q.S

Your first questions...answered.

What is Quickteller Business?

Quickteller Business is an all-inclusive, easy-to-use business platform designed for all business types; SMEs, large corporates and agents.

It's designed to help you automate routine tasks, track inventory, accept, and track payments digitally while seamlessly partnering with stakeholders such as logistics companies and suppliers to provide value to your customers.

What is possible on Quickteller Business?

The platform comes with robust features designed to meet your pressing business needs. From easy payment collections with or without a website via multiple channels to electronic invoicing, managing multiple businesses, tracking and reports... the possibilities are endless.

How long does it take to complete the onboarding process on Quickteller Business?

Creating your Quickteller Business account is easy, you will be done in a few minutes. Document verification and account activation will, however, take 24-48 hours.

Do I need a website to use Quickteller Business?

If you do not have a website, you can still get paid online with Quickteller Business. The Payment Link feature allows you to create a link that is unique to your business and useful for both single purchases and recurring payments. You can share the link with your customers via WhatsApp, Instagram, email, or SMS and get paid.

Does Quickteller Business support unregistered businesses?

Yes. Small businesses can leverage Quickteller Business to grow quickly. Although the full suite of features may not be available without the necessary KYC documents, small and unregistered businesses can create payment links and issue invoices on the platform.

I already have Webpay or IPG, do I need Quickteller Business?

With Quickteller Business, you get to enjoy all the functionalities you currently enjoy on Webpay or IPG, but better. These features have been significantly improved on Quickteller Business and other smart features have also been added.

Furthermore, transitioning from either platform to Quickteller Business is seamless, your business portfolio and login details will be transferred automatically.

What do I need to register my business?

To register your business, we'd need the following documents:

- Personal contact Information
- Business Information (CAC Documents)
- Business Registration documents [Tax Identification number]
- Utility Bill
- Bank Details.

Registered businesses are required to upload KYC documents specific to their business category whether Sole Proprietorship, Private Limited Liability, Public Limited Liability or NGO.

Apart from payments, what else can I do on Quickteller Business?

Quickteller Business offers more than payments. In addition to the payment possibilities, you also enjoy free access to the Quickteller Business Storefront, a mini ecommerce site you can whitelabel to display your goods or services, sell, and get paid. The platform also helps you to collaborate with your stakeholders, such as suppliers, distributors and vendors while also connecting you to other providers connected to the platform. Besides, the platform provides insights that will aid you to make smart business decisions.

What do I need to use Quickteller Business Storefront?

The Quickteller Business Storefront does not require additional documentation, your free account qualifies you to activate and enjoy the benefits of this feature. You can upload your services and brand elements and share the link via any platform for your audience to access your products. Payment links have also been embedded into the Storefront to make collections and reconciliation of your revenue easy for you.
